BLAUPUNKT

The Blaupunkt Competence Center Car Multimedia – maxxcount.de GmbH & Co. KG

From car infotainment to driver assistance products, Blaupunkt offers you a wide product and service portfolio for markets and customers in the field of car multimedia.

Blaupunkt is leading brand for car radios in many parts of the world and especially in Europe.
Blaupunkt stands for quality and innovation. The origins of the company go back to the innovative quality seal, the blue dot, with which the company, founded in 1923, initially provided its headphones. Even today, the blue dot stands for products with outstanding quality and technical competence, especially in radio reception on wheels and for first-class sound.

1923	Foundation of the company in Berlin
1932	The first car radio developed in Europe, the Blaupunkt AS 5
1969	World's first stereo car radio
1974	1974 presenting the first car radio with ARI traffic receiver
1982	Prototype of the first route guidance system EVA (Electronic Traffic Controller for Motorists)
1995	Blaupunkt launched its first DAB receiver
2001	One million navigation systems sold and presentation of the world's first DAB car radio with MP3
2007	Innovation with the first digital plug & play amplifier
2012	New 1-DIN car radio with integrated loudspeaker
2014	First Blaupunkt 2-DIN multimedia car radio with Android
2016	New vehicle-specific Blaupunkt 2-DIN multimedia car radio with Android
2017	Heavy duty radios for professional use
2018	Blaupunkt enters the e-mobility market with two folding e-bikes
	Presentation Youngtimer car radio Bremen SQR 46 DAB
	First 2-DIN multimedia car radio with 10.1" touch screen and Android 6.0

Thanks to the long-standing expertise of the Blaupunkt Engineering Team, you will receive from Blaupunkt:
Car entertainment with a sophisticated and clear operating structure, clear lines in design, good radio reception and high functionality. All this in the usual Blaupunkt quality and with an optimal service.

Automotive Line -
# Car Radio to new standards

AUTOMOTIVE

When Blaupunkt launched the world's first car radio, everyone knew that Blaupunkt was setting new standards and a milestone in the history of car entertainment. Over the decades, the possibilities of man and technology have changed by connecting human, radio and vehicle. Under the heading of first-class reception, „connectivity" and vehicle integration, Blaupunkt continues to pursue these automotive standards. With its unique tuner concept, Blaupunkt offers the perfect reception in the vehicle. Serial interfaces allow the driver to comfortably play his music collection via USB, Bluetooth or Aux-in. You always wanted to be a DJ? Thanks to the „Comfort Browsing", the driver can quickly and precisely switch between titles and folder. When it comes to design, Blaupunkt is always up to date with the latest trends - so every Blaupunkt radio fits optically into any car and can be operated easily and conveniently – pure vehicle integration!

HAMBURG 990 DAB

Android 6.0 · **10.1"** · **Mirror Mode** · **Front + Rear Microphone** · **DVD VIDEO** · **Codem IV Tuner** · **DAB+** · **Wi-Fi** · **Bluetooth** · **SWC** Steering wheel control

USB Front + Rear · **SDHC Audio/Video** · **Rear Input Audio/Video** · **4x50W** · **Equalizer** · **4-Channel Preamp-out** · **Camera Input Audio/Video** · **Remote Control** · **Sub-out** · **Eeprom Permanent memory** · **Ignition logic**

Multimedia high end in tablet style.

System
- Operating system Android 6.0
- 2 GB RAM
- 16 GB integrated flash memory
- Blaupunkt „tablet" styling
- Intuitive Blaupunkt user guidance

Wi-Fi/Internet
- Built-in Wi-Fi module
- Wi-Fi Hotspot, Tethering

Radio
- CODEM IV high end tuner
- FM (RDS), AM (MW/LW) tuner
- DAB+ double-tuner built-in

Display
- 10.1˝ digital touch screen display
- Capacitive, 1024 x 600 pixel

Navigation
- Navigation-Software Europe, 46 countries, incl. 24 months map update and online traffic
- Also available with „Truck/Camper" software with Vehicle parameters and Driving Bans

Bluetooth
- Built-in Bluetooth 4.1 module
- Handsfree, phonebook upload and audiostreaming
- Profiles: HFP, PBAP, A2DP, SPP, HID, RFCOMM
- Automatic synchronization
- Integrated + external microphone connection

Mirror Mode for iPhone and Android
- Smartphone mirroring for iPhone (1-way) and Android (2-way)

Media Player
- Audio/Video playback from USB/SDHC/Disc
- Video playback formats: MPEG, AVI, RM, FLV, ASF/WMV, MP4, MKV, OGM
- Audio playback formats: MP3, AAC, FLAC, APE
- Image formats: JPEG, PNG, GIF

Data Carrier
- DVD, VCD, CD, CD-ROM
- USB 2.0
- SDHC (up to 32 GB), SD

Input/Output
- Front USB (standard A-Type)
- Rear USB (standard A-Type)
- Front SDHC slot
- 2x rear A/V-input
- 2x Input rear view camera
- Steering Wheel Control Input (SWC, programmable)
- HDMI input

Equalizer/Amplifier
- 10-band parametric equalizer
- 4-channel preamplifier (3 V)
- Subwoofer-out
- 4 x 50 watt max. power

General
- Permanent storage
- IR remote control included
- DAB+ onglass antenna included
- External microphone included

€ 1.299
Truck/Camper € 1.349

MÜNCHEN 790 DAB

Design not final!
Subject to change.

6.8" Linux Naviceiver with DAB+, Bluetooth & Disc.

Available June 2019

System
- Operating system Linux
- Intuitive Blaupunkt user guidance
- 512 MB RAM

Radio
- CODEM IV high end tuner
- FM (RDS), AM
- RDS (AF, CT, EON, PS, PTY, TA, TP, RT)
- DAB/DAB+ integrated

Navigation
- Including Navigation software „CAR", 46 EU countries, 24 months map update & online traffic
- TMC ready (Traffic Message Channel)
- Also available with „Truck/Camper" software with Vehicle parameters and Driving bans

Apple Car Play

Android Auto

Display
- 6.8˝ digital TFT touch screen display
- VWGA 800 x 480 pixel

Bluetooth
- Built-in Bluetooth 4.1 module
- Handsfree, phonebook upload and audiostreaming
- Profiles: AVRCP, HFP, PBAP, A2DP
- Integrated + external microphone connection

Media Player
- Audio, video, picture playback from USB / SDHC / Disc
- Video playback formats: MPEG, AVI, RM, ASF, MP4
- Audio playback formats: MP3, FLAC, APE, WMA
- Picture formats: JPEG, PNG

Data Carrier
- DVD, +/- R, +/- RW, -ROM
- CD-DA, -ROM, -R/-RW
- USB 2.0 (2.1A)
- microSDHC (up to 32 GB), microSD

Input/Output
- Front / Rear USB (standard A-Type)
- Front microSDHC/SD slot
- 2x Rear A/V Input (3.5mm Jack, RCA)
- Input rear view camera

- Steering Wheel Control Input (SWC, programmable)

Equalizer/Amplifier
- 8-band equalizer
- 4-channel preamplifier (3 V)
- Subwoofer-out
- 4 x 50 watt max. power

General
- Permanent Storage
- Multicolor Illumination (4 colors)
- IR remote control included
- DAB+ onglass antenna included
- External microphone included

€ 799
Truck/Camper € 849

LEIPZIG 690 BT

Design not final!
Subject to change.

6.8" WIN CE Naviceiver with Bluetooth & Disc.

Available June 2019

System
- Operating system WIN CE 6.0
- Intuitive Blaupunkt user guidance
- 512 MB RAM

Radio
- CODEM IV high end tuner
- FM (RDS), AM
- RDS (AF, CT, EON, PS, PTY, TA, TP, RT)
- DAB/DAB+ ready

Navigation
- Including Navigation software „CAR", 46 EU countries, 24 months map update & online traffic
- TMC ready (Traffic Message Channel)
- Also available with „Truck/Camper" software with Vehicle parameters and Driving bans

Display
- 6.8˝ digital TFT touch screen display
- VWGA 800 x 480 pixel

Bluetooth
- Built-in Bluetooth 4.1 module

HEAVY DUTY - the new series especially for...

...Tractors &
Farm machines
...Delivery vans
...Caravan
...Busses
...Trucks
...Construction
machines

Functional infotainment in a new Dimension

Resilient, easy to use and uncompromising in terms of quality: features that are currently requested by drivers of commercial vehicles on a radio. The new Blaupunkt Heavy Duty Line fulfills these requirements, be it in the 12 Volt or the 24 Volt segment. A CD drive protected against shocks and vibrations allows unrestricted enjoyment of music even off the streets. All modern USB media can be conveniently connected and played. And thanks to fewer and larger rubberized station buttons, operation is always intuitive and easy.

Our well-thought-out concept goes into every detail: stored radio stations are retained, even if the vehicle battery is disconnected during maintenance work.

Work hard & play hard!

The Heavy Duty Concept:

Vibration-proof CD drive

Thanks to powerful error correction function, the CD drive of heavy duty radios effectively reduces noise and vibration. So you can enjoy your music without noise and interference.

Non-reflective surface

The matt device surface almost completely breaks the incidence of light. This avoids reflection or reflecting light.

Rubberized frame

The matt rubberized frame serves as corner and edge protection and provides optimum scratch and impact resistance.

Vehicle battery protection

Logical connection to the vehicle: to limit the use of the car radio to one hour when the ignition of the car is switched off.

Rubberized station keys

The large rubberised station buttons react quickly and precisely and guarantee fast and secure access to the stored radio stations.

DUBAI 324 DAB BT

- Permanent storage after power loss
- Ignition logic

€ 229

Dust protection

Smoother CD playback thanks to improved dust protection on the CD drive.

Ignition logic

Increased comfort by storing the last operating status when leaving the vehicle.

Ergonomic knobs

With the large, discreetly illuminated multifunction rotary controls and the ergonomic design, the device is also easy to operate while driving.

Rubberized USB cover

The rubberized cover of the front USB port protects the interface port from dust and dirt.

Permanent memory

Maintains the memory of user settings and preset transmitters when the main power fails.

Heavy Duty goes to the next round!

DAB`N`PLAY 370

DAB+ Digital Audio Broadcasting

Bluetooth

AUX-In

Plug & Play

Built-In Speakers

Plug 'n' Play car DAB+ digitalradio / Bluetooth adapter

Highlights
- DAB+ digital radio receiver
- 3" TFT color display
- Bluetooth handsfree system integrated incl. A2DP
- Music / voice playback via AUX connection or wirelessly via integrated FM transmitter
- Simple power supply via 12V cigarette lighter
- „Plug and Play" installation
- Compatible with almost any factory or retrofit car radio

DAB equipment
- DAB+ station name display
- Channel search and storage
- Station list with selection function

Bluetooth equipment
- Answer and end calls via the display
- Integrated microphone
- Musicstreaming of Bluetooth enabled mobile devices (A2DP)
- Voice / music playback via the vehicle speakers

With the new DAB'N'PLAY 370, the existing car radio will be easily updated with the feature „digital radio". Now it is possible to have tuner reception in perfect quality without any interference.

The DAB'N'PLAY 370 is equipped with a very readable 3" display showing all important information, such as the DAB+ station list or station name, artist, track name etc. The adapter is very easy to use via push buttons and rotary control.

The connection or signal transmission to the car radio is realised either via the integrated FM transmitter or via AUX connection.

As a further highlight, the adapter includes hands-free phone use, in which the telephone calls are transmitted through the vehicle speakers. Or course, music transmission from the smartphone via audiostreaming (A2DP) is as well possible.

Our very compact device can be easily attached with a suction cup holder on the cockpit or on the windscreen. For the power supply, the vehicle 12V socket (or alternativley the cigarette lighter) can be used.
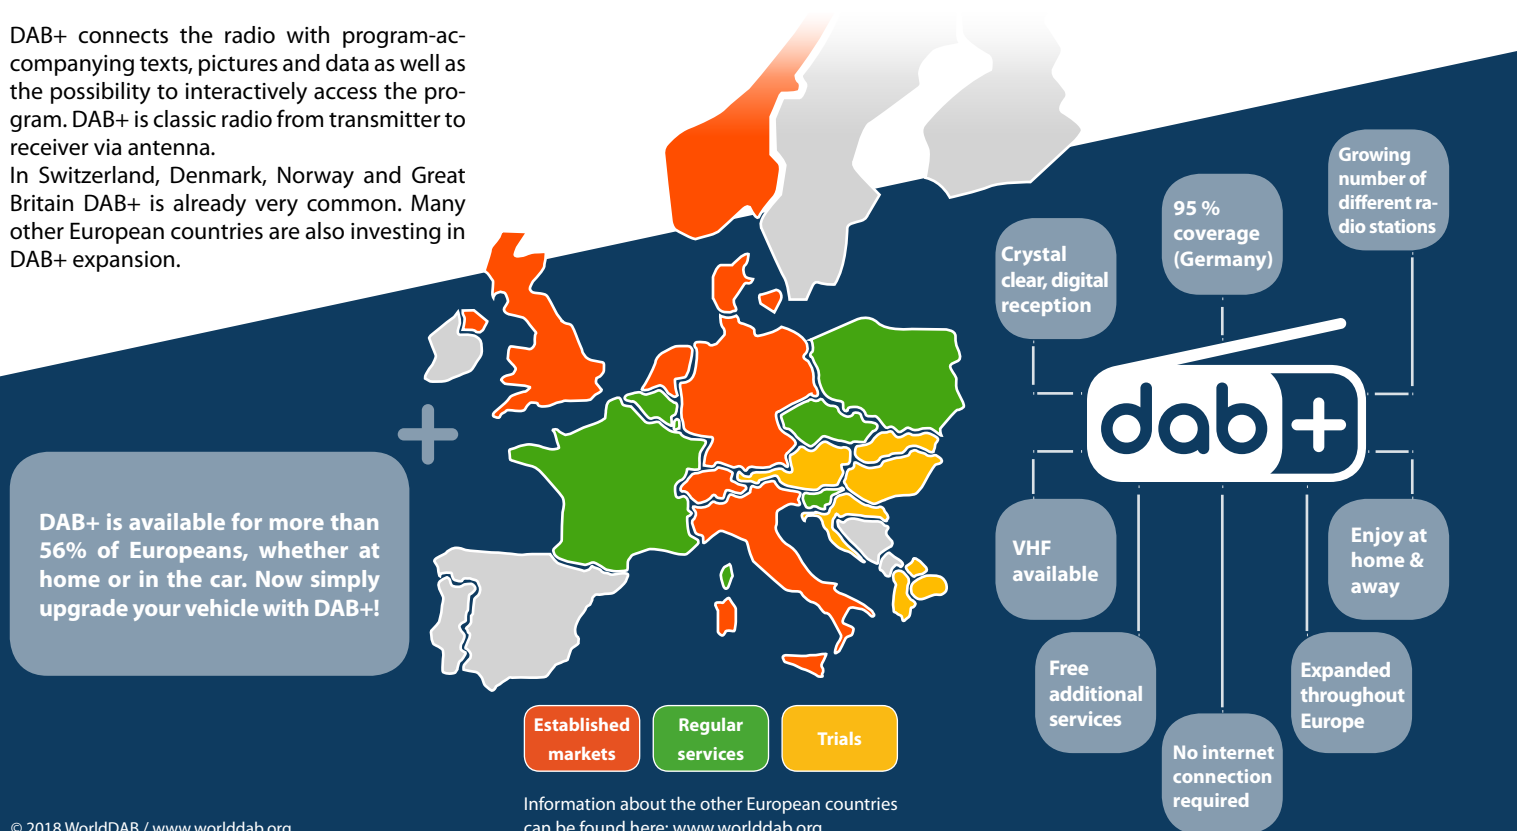

# € 99

DAB+ throughout Europe

DAB+ connects the radio with program-accompanying texts, pictures and data as well as the possibility to interactively access the program. DAB+ is classic radio from transmitter to receiver via antenna.
In Switzerland, Denmark, Norway and Great Britain DAB+ is already very common. Many other European countries are also investing in DAB+ expansion.

DAB+ is available for more than 56% of Europeans, whether at home or in the car. Now simply upgrade your vehicle with DAB+!

Advantages of DAB+ Radio

Crystal clear, digital reception

95 % coverage (Germany)

Growing number of different radio stations

dab+

VHF available

Enjoy at home & away

Free additional services
